Knowing God's Love Allows us to Love Others

Reminder: We are only capable of loving others when we yield our flesh (mind, will and emotions) to the Spirit of God who lives in our hearts.

Choose to love as Jesus loved you.

During July we'll complete our readings on the fruit of the Spirit of love.

Challenge:

As you read this month, keep a journal of how God wants us to love. Ask God with whom He wants you to demonstrate the kind of love described in each daily reading.

Example:

1 Peter 4:8: God desires that I demonstrate His love by not pointing out errors or another's sin.

My action: I will think before I speak and not correct others when I perceive they are in error or sin.
